During H1QY26, the Company shared Rs 1.70 crore of revenue with Noida Authority from its advertising as part of the Concession agreement.

Operational & Maintenance Update

Building on its long-standing public-interest focus, NTBCL continues to invest in essential maintenance and safety works on the DND Flyway. The Company has initiated road repair work including, BC, SDMC, micro-surfacing, and electrical repair works on critical sections of the carriageway.

The work has been initiated and will be completed by January 2026. As a result of this maintenance, the commuters may find some areas restricted for ongoing maintenance work.

The Board reiterated the Company's appeal for the ₹100 crore structural repair support from the Noida Authority and the Delhi Administration under the State Support Agreement, noting that the 25-year-old flyway requires significant refurbishment to sustain safety and service quality.

Judicial Relief on Advertisement Revenue

The Board also took note of the interim stay granted by the Hon'ble Delhi High Court on NOIDA Authority's demand letter dated September 10, 2025, which sought to stop NTBCL's advertisement displays and recover over ₹100 crore in alleged advertisement license fees.

The Hon'ble Court, by its order dated September 25, 2025, restrained NOIDA from taking any coercive action against NTBCL or disrupting its advertisement operations.

The Company has consistently maintained that advertisement revenue - an important operating income since the toll suspension in 2016 - is both lawful and essential for maintaining the DND Flyway and meeting financial obligations.

NTBCL reiterated its commitment to act in the best interests of over 60,000 retail shareholders, who collectively hold nearly 70% of the Company's equity, while maintaining transparency, compliance, and accountability.
